Partenope è 'chiú bella e Venere

→ We are obsessed with dough. We bake our pizza after many hours of fermentation, rest and proofing, a process that begins 2 days before your first bite and time is the real ingredient in this phase.

We love to take care of every single detail of your pizza, without compromise, because everything we carefully bake in our yellow dome has a story to tell that begins with grains and we want you to read it through.

Our ingredients are mostly fresh and we try to embrace a bridge between southern Italy and our home here, the Netherlands. We believe in local producers as well as we love the rarity of certain products you can only find on volcanic soil. Some of our seasonal greens are 100% organic, local and fresh, this is how we Dough it!

Welcome to the metropoli of a new pizza era.
